#### IMPLEMENTATION

##### New FIS List 2018

1. Recalculation of all races of the season 2017/2018 with new minimum penalties in May 2018 and establish a 1<sup>st</sup> FIS list based on the new calculation.
2. Calculate as well a BL according to the old system including all competitors who applied for single penalty or who have none or one result
3. Integrate all competitors mentioned in under 2. In the new established 1<sup>st</sup> FIS list with the same rank they have on the BL calculated after the old system and match their points with the points corresponding the rank in the new 1<sup>st</sup> FIS list.
4. After the last ranked competitors under the conditions 1. - 3. all competitors from the old list who aren't integrated will follow in the same order they have in the old system. These competitors will be allocated FIS points calculated with the same margin in percent as they have in the old system to the last competitors integrated under the conditions 1. – 3..
5. Use the new 1<sup>st</sup> FIS list from 1<sup>st</sup> July 2018 on as the list is used with the old system.
6. Adjustment all W-C and CoC rules which are related to FIS points through the committees concerned, after analysing the simulation of the season 2017/2018

#### Comments:

- Discuss and check all "side effects" of the new system after analysing the simulation of the new FIS point system.
- Adapt all rules effected by the new system through the committee concerned, if necessary.
